

CRESCENT BLOOD DONORS – TERMS & CONDITIONS

Who We Are:

- A **voluntary, non-profit platform** connecting blood donors with those in need.
- Our mission: **save lives through safe and timely blood donation.**

Be a Donor If You:

- Are **18–60 years old** and weigh **50 kg or more**
- Are in **good health** and free from major infections (HIV, Hepatitis B/C)
- Haven't donated recently (**3 months for men, 4 months for women**)
- Can provide **correct contact details and blood group**
- Are willing to **undergo a medical check** before donation

Request Blood If You:

- Have a **verified hospital** and **authentic patient info** (blood group, units, urgency)
- Understand that donation happens **only under medical supervision**
- Know that **false requests may lead to permanent restriction**

How We Keep Things Safe:

- All donors and requests are **verified by our team**
- We are **only a connecting platform** – not responsible for medical complications
- Follow **standard safety practices** during donation
- Platform **cannot be used for illegal, harmful, or commercial purposes**

PRIVACY & DATA USE:

- We collect **basic info**: name, contact, email, address, blood group
- Data is used **only for connecting donors and recipients**
- Your info is **kept confidential** and **not sold or misused**
- Coordinators are the only ones with access

Consent:

- By registering, you agree to **share your info with potential donors or recipients**
- You may be contacted for **emergency requests, camps, or awareness drives**

Stay Updated & Protected:

- We use **secure systems** to protect your data
- Terms and policies may **change anytime** – latest info is on our website

QUICK TERMS & PRIVACY NOTICE

By continuing to use this website, you agree to our Terms & Conditions and Privacy Policy.

Your personal details will be kept strictly confidential and used only for connecting verified blood donors and recipients.

We may share your basic details (name, contact number, and blood group) only with potential donors or recipients during verified blood requests.

 Your trust and safety are our priority.
